Welcome to the KingsWay Co-curricular Music programme. At KingsWay we want all students to honour God through using their gifts and talents to uplift, encourage, teach and inspire their communities and themselves. Music requires discipline, time management, and is known to enhance wellbeing, foster ability in mathematics and science, promote empathy and improve memory. Most importantly, music is a way students can connect with God and their community.

From Year 3 - 13 we provide multiple musical opportunities including:

- Bands, Choir, Orchestras
- Ensemble music making through to solo performance
- Small and large groups
- Competitive and non-competitive groups
