STUDENT TESTIMONIES

"Over the past three years as an international student at KingsWay School, I have grown a lot both academically and personally. The teachers always encouraged and helped me, and the people around me made me feel welcome from the beginning. I'm thankful for the friendships and experiences I gained here. KingsWay School is a place that shaped my confidence and future."

**VICTOR
(TAIWAN)**

"KingsWay School has a great international program that really made a difference in my experience. They offer different English courses that students can take depending on their language skills. This helped me become more confident both inside and outside of school. The school also has an excellent homestay system. They organise host families carefully, which made me feel safe and supported."
